Call for Research Posters

2010 Sanctuary Currents Symposium
Voices of Hope:
Science and Innovation for the Ocean

Saturday April 10, 2010 8am - 3:00pm
California State University, Monterey Bay,
University Center, Sixth Ave, Seaside, CA

The Monterey Bay National Marine Sanctuary invites the submission of abstracts for the research poster session at the Sanctuary Currents Symposium April 10, 2010.

The theme of this year's symposium is: **Voices of Hope: Science and Innovation for the Ocean**. Human activities are taking their toll, causing many challenges for the ocean. Come hear from experts engaging in cutting-edge science and technologies helping to solve critical problems facing the environment. They bring us new hope for the future of our ocean.

Abstracts that address the theme are especially encouraged, however, submissions may be from all types of coastal and marine research in the central California area. The text of the abstracts should be no longer than 250 words.
