

2012

# From Lions to Luminescence: Linking Land and Sea

## CALL FOR

## RESEARCH POSTERS

**Abstract Submission Deadline:  
Tuesday, January 31, 2012**

The Monterey Bay National Marine Sanctuary invites the submission of abstracts for the research poster session at the Sanctuary Currents Symposium  
The theme of this year's symposium is: "From Lions to Luminescence: Linking Land and Sea"

Saturday April 14, 2012, 8:00 am – 3:30 pm  
California State University, Monterey Bay,  
University Center, Sixth Ave, Seaside, CA

The land and sea are inextricably connected, from the tops of the mountains to the bottom of the ocean. Learn about some of the fascinating research and conservation activities taking place in our watersheds, wetlands, kelp forests and deep sea. Follow the links from land to sea, as scientists tell us their tales of tracking mountain lions and studying sea otters to searching for bioluminescent creatures of the deep.

Any questions should be directed to Heather Kelley
